EXCHANGE RATE INFORMATION

The majority of our current revenues are denominated in H.K. dollar, while our current expenses are denominated predominantly in Pataca and H.K. dollar, and in connection with a portion of our indebtedness and certain expenses, in U.S. dollar. Unless otherwise noted, all translations from H.K. dollar to U.S. dollar and from U.S. dollar to H.K. dollar in this quarterly report were made at a rate of HK\$7.78 to US\$1.00.

The H.K. dollar is freely convertible into other currencies (including the U.S. dollar). Since October 17, 1983, the H.K. dollar has been officially linked to the U.S. dollar at the rate of HK\$7.80 to US\$1.00. The market exchange rate has not deviated materially from the rate of HK\$7.80 to US\$1.00 since the peg was first established. However, in May 2005, the Hong Kong Monetary Authority broadened the trading band from the original rate of HK\$7.80 per U.S. dollar to a rate range of HK\$7.75 to HK\$7.85 per U.S. dollar. The Hong Kong government has stated its intention to maintain the link at that rate, and it, acting through the Hong Kong Monetary Authority, has a number of means by which it may act to maintain exchange rate stability. However, no assurance can be given that the Hong Kong government will maintain the link at HK\$7.75 to HK\$7.85 per U.S. dollar or at all.

The noon buying rate on September 30, 2016 in New York City for cable transfers in H.K. dollar per U.S. dollar, provided in the H.10 weekly statistical release of the Federal Reserve Board of the United States as certified for customs purposes by the Federal Reserve Bank of New York, was HK\$7.7555 to US\$1.00. On November 18, 2016, the noon buying rate was HK\$7.7572 to US\$1.00. We make no representation that any H.K. dollar or U.S. dollar amounts could have been, or could be, converted into U.S. dollar or H.K. dollar, as the case may be, at any particular rate or at all.

The Pataca is pegged to the H.K. dollar at a rate of HK\$1.00 to MOP1.03. All translations from Pataca to U.S. dollar in this quarterly report were made at the exchange rate of MOP8.0134 to US\$1.00. The Federal Reserve Bank of New York does not certify for customs purposes a noon buying rate for cable transfers in Pataca.

FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in connection with our unaudited condensed consolidated financial statements included elsewhere in this quarterly report. Our unaudited condensed consolidated financial statements have been prepared in accordance with U.S. GAAP. The accompanying unaudited condensed consolidated financial statements should be read in conjunction with our audited consolidated financial statements for the year ended December 31, 2015. The historical results are not necessarily indicative of the results of operations to be expected in the future. Certain statements in this “Financial Condition and Results of Operations” are forward-looking statements.

Summary of Financial Results

For the third quarter of 2016, our total net revenues were US\$1.03 billion, an increase of 16.4% from US\$0.88 billion of net revenues for the third quarter of 2015. The increase in total net revenues was primarily attributable to the casino revenues generated from operating the Studio City Casino since its opening in October 2015 and increase in management fee income from provision of management services to affiliated companies for which the associated costs were mainly included in general and administrative expenses, partially offset by lower casino revenues at City of Dreams and Altira Macau. Net income from the Studio City Casino gaming operations will be reimbursed to Studio City Entertainment pursuant to the Services and Right to Use Arrangements, which is included in general and administrative expenses.

Net income for the third quarter of 2016 was US\$93.5 million, as compared to US\$90.1 million for the third quarter of 2015.

The following summarizes the results of our operations:

City of Dreams Third Quarter Results

For the third quarter of 2016, net revenue at City of Dreams was US\$629.2 million compared to US\$671.5 million in the third quarter of 2015. The decline in net revenue was primarily a result of lower mass market table games revenues and gaming machine revenues.

Altira Macau Third Quarter Results

For the third quarter of 2016, net revenue at Altira Macau was US\$128.9 million compared to US\$140.6 million in the third quarter of 2015. The year-over-year decrease in net revenue was primarily a result of lower rolling chip revenues and mass market table games revenues.

Rolling chip volume totaled US\$4.5 billion in the third quarter of 2016 versus US\$5.2 billion in the third quarter of 2015. The rolling chip win rate was 3.2% in the third quarter of 2016 versus 3.0% in the third quarter of 2015. The expected rolling chip win rate range is 2.7%-3.0%.

In the mass market table games segment, drop totaled US\$122.6 million in the third quarter of 2016, a decrease from US\$156.7 million generated in the comparable period in 2015. The mass market table games hold percentage was 19.8% in the third quarter of 2016 compared with 19.4% in the third quarter of 2015.

Gaming machine handle for the third quarter of 2016 was US\$8.5 million, compared with US\$11.2 million in the third quarter of 2015. The gaming machine win rate was 6.9% in the third quarter of 2016 versus 5.9% in the third quarter of 2015.

Total non-gaming revenue at Altira Macau in the third quarter of 2016 was US\$7.4 million compared with US\$8.3 million in the third quarter of 2015.

Other Factors Affecting Third Quarter Earnings

Total net non-operating expenses for the third quarter of 2016 were US\$10.1 million, which mainly included interest expenses, net of capitalized interest, of US\$8.0 million, other finance costs of US\$6.5 million and net foreign exchange gain of US\$2.8 million, as compared to a total net non-operating expenses of US\$12.7 million for the third quarter of 2015, which mainly included interest income of US\$2.0 million, other income, net, of US\$8.1 million, interest expenses, net of capitalized interest, of US\$10.0 million, other finance costs of US\$6.3 million and net foreign exchange loss of US\$6.5 million. The year-on-year decrease of US\$2.7 million in net non-operating expenses was primarily due to the net foreign exchange gain in the current period, partially offset by the decrease in other income, net.

Depreciation and amortization costs of US\$67.4 million were recorded in the third quarter of 2016, of which US\$14.3 million was related to the amortization of our gaming subconcession and US\$2.7 million was related to the amortization of land use rights.

Nine Months' Results

For the nine months ended September 30, 2016, our total net revenues were US\$3.01 billion compared to US\$2.77 billion for the nine months ended September 30, 2015. The year-over-year increase in net revenues was primarily attributable to the casino revenues generated from operating the Studio City Casino since its opening in October 2015 and increase in management fee income from the provision of management services to affiliated companies for which the associated costs were mainly included in general and administrative expenses, partially offset by lower casino revenues at City of Dreams and Altira Macau. Net income from the Studio City Casino gaming operations will be reimbursed to Studio City Entertainment pursuant to the Services and Right to Use Arrangements, which is included in general and administrative expenses.

Net income for the first nine months of 2016 was US\$280.9 million, compared with net income of US\$306.6 million in the comparable period of 2015. The year-over-year decrease in net income was primarily attributable to lower rolling chip revenues and mass market table games revenues in City of Dreams and Altira Macau.

Liquidity and Capital Resources

We have relied and intend to rely on our cash generated from our operations and our debt and equity financings to meet our financing needs and repay our indebtedness, as the case may be.

As of September 30, 2016, we held unrestricted cash and cash equivalents, bank deposits with original maturity over three months and restricted cash of US\$1,077.4 million, US\$67.8 million and US\$8.6 million, respectively, and the HK\$9.75 billion (equivalent to approximately US\$1.25 billion) revolving credit facility under the 2015 Credit Facilities remains available for future drawdown. Further, the 2015 Credit Facilities includes an incremental facility of up to US\$1.3 billion to be made available upon further agreement with any of the existing lenders under the 2015 Credit Facilities or with other entities.

The following table sets forth a summary of our cash flows for the periods indicated:

Operating Activities

Operating cash flows are generally affected by changes in operating income and accounts receivable related to VIP table games play and hotel operations conducted on a cash and credit basis and the remainder of the business, including mass market table games play, gaming machine play, food and beverage and entertainment that are conducted primarily on a cash basis.

Net cash provided by operating activities was US\$471.0 million for the third quarter of 2016, compared to US\$186.2 million for the third quarter of 2015. Net cash provided by operating activities was US\$882.2 million for the nine months ended September 30, 2016, compared to US\$394.7 million for the nine months ended September 30, 2015. The increase in net cash provided by operating activities was mainly due to decreased working capital for operations, partially offset by a decline in underlying operating performance as described in the foregoing section.

Investing Activities

Net cash used in investing activities was US\$104.5 million for the third quarter of 2016, compared to net cash used in investing activities of US\$505.0 million for the third quarter of 2015. The decrease was primarily due to the decrease in placement of bank deposits with original maturity over three months and capital expenditure payments.

Net cash used in investing activities of US\$104.5 million for the third quarter of 2016 mainly included capital expenditure payments of US\$90.3 million and placement of bank deposits with original maturity over three months of US\$18.5 million.

Net cash used in investing activities of US\$505.0 million for the third quarter of 2015 mainly included placement of bank deposits with original maturity over three months of US\$392.8 million, capital expenditure payments of US\$100.8 million, advance payments and deposits for acquisition of property and equipment of US\$6.0 million and land use rights payment of US\$3.7 million.

Our total capital expenditure payments for the third quarter of 2016 were US\$90.3 million, as compared to US\$100.8 million for the third quarter of 2015. Such capital expenditures for both periods were mainly associated with our development and construction projects as well as enhancements to our integrated resort offerings at City of Dreams.

Net cash provided by investing activities was US\$252.1 million for the nine months ended September 30, 2016, compared to net cash used in investing activities of US\$626.0 million for the nine months ended September 30, 2015. The change was primarily due to the net withdrawals of bank deposits with original maturity over three months, the decrease in restricted cash and advance payments and deposits for acquisition of property and equipment, partially offset by the increase in capital expenditure payments and no proceeds from the net repayment of advances to shareholder in the current period.

Net cash provided by investing activities of US\$252.1 million for the nine months ended September 30, 2016 mainly included a net decrease in bank deposits with original maturity over three months of US\$520.1 million, partially offset by capital expenditure payments of US\$267.7 million.

Net cash used in investing activities of US\$626.0 million for the nine months ended September 30, 2015 mainly included a net increase in bank deposits with original maturity over three months of US\$387.2 million, capital expenditure payments of US\$253.8 million, increase in restricted cash of US\$18.9 million, advance payments and deposits for acquisition of property and equipment of US\$18.2 million and land use rights payment of US\$7.3 million, partially offset by proceeds from the net repayment of advances to shareholder of US\$62.1 million.

Our total capital expenditure payments for the nine months ended September 30, 2016 were US\$267.7 million, as compared to US\$253.8 million for the nine months ended September 30, 2015. Such capital expenditures for both periods were mainly associated with our development and construction projects as well as enhancements to our integrated resort offerings at City of Dreams.

Financing Activities

Net cash used in financing activities amounted to US\$10.7 million for the third quarter of 2016 and primarily represented the scheduled repayment of the term loan under the 2015 Credit Facilities of US\$11.3 million.

Net cash used in financing activities amounted to US\$11.0 million for the third quarter of 2015 and primarily represented the payment of debt issuance costs of US\$33.6 million associated with the 2015 Credit Facilities, offset in part by funds from an affiliated company of US\$22.6 million.

Net cash used in financing activities amounted to US\$1,098.5 million for the nine months ended September 30, 2016 and primarily represented dividend payments of US\$1,089.5 million and the scheduled repayment of the term loan under the 2015 Credit Facilities of US\$11.3 million.

Net cash used in financing activities amounted to US\$54.8 million for the nine months ended September 30, 2015 and primarily represented dividend payments of US\$150.0 million, scheduled repayments of the term loan under the 2011 Credit Facilities of US\$64.2 million and the payment of debt issuance costs of US\$46.5 million associated with the 2015 Credit Facilities, offset in part by the net proceeds from the refinancing of the 2011 Credit Facilities by the 2015 Credit Facilities of US\$148.3 million and funds from an affiliated company of US\$57.7 million.

2013 Senior Notes	\$ 1,000,000
2015 Credit Facilities	\$ 490,006
	<u>\$ 1,490,006</u>

Except for the scheduled repayment of the term loan under the 2015 Credit Facilities of US\$11.3 million during the third quarter of 2016, there was no other change in our indebtedness as of September 30, 2016 as compared to June 30, 2016.

On July 11, 2016, our company commenced a consent solicitation (the "Consent Solicitation") seeking consents from holders of its outstanding 2013 Senior Notes to certain proposed amendments to the indenture governing the 2013 Senior Notes following the announcement by Crown Resorts Limited, a major shareholder of MCE, that it intends to spin off certain of its non-Australian assets to a separately listed holding company. Our company obtained the requisite consent through the Consent Solicitation and paid consent fees of approximately US\$4.7 million to the consenting holders on August 3, 2016. Crown Resorts Limited has agreed to reimburse our company for the consent fees mentioned above and the third party fee of approximately US\$1.0 million incurred by our company as of the date of this report in relation to the Consent Solicitation.

Our company commenced expansion of its retail precinct at City of Dreams, the initial phase of which opened in mid-2016 and the remaining phases are expected to open by the end of 2016. Our company is also developing the fifth hotel tower at City of Dreams.

Any other future developments may be subject to further financing and a number of other factors, many of which are beyond our control.
