Exhibit 99.1	Unaudited Results for Second Quarter of 2018 and Quarterly Dividend Declaration

FOR IMMEDIATE RELEASE

**Melco Announces Unaudited Second Quarter 2018 Earnings
and Increase in Quarterly Dividend to US\$0.14505 per ADS**

Macau, Tuesday, July 24, 2018 – Melco Resorts & Entertainment Limited (Nasdaq: MLCO) (“Melco” or the “Company”), a developer, owner and operator of casino gaming and entertainment casino resort facilities in Asia, today reported its unaudited financial results for the second quarter of 2018.

Net revenue for the second quarter of 2018 was US\$1,228.6 million, representing a decrease of approximately 5% from US\$1,298.2 million reported for the comparable period in 2017. The decrease in net revenue was primarily attributable to higher commissions reported as a reduction in revenue upon the Company’s adoption of a new revenue recognition standard issued by the Financial Accounting Standards Board (the “New Revenue Standard”), partially offset by higher group-wide gross gaming revenues. The Company adopted the New Revenue Standard using the modified retrospective method from January 1, 2018. Results for the periods beginning on or after January 1, 2018 are presented under the New Revenue Standard, while prior year amounts are not adjusted and continue to be reported in accordance with the previous basis. Under the previous basis, before the adoption of the New Revenue Standard, net revenue for the second quarter of 2018 would have been US\$1,337.4 million, which would have represented an increase of approximately 3% from the US\$1,298.2 million for the comparable period in 2017.

Operating income for the second quarter of 2018 was US\$118.1 million, compared with operating income of US\$127.4 million in the second quarter of 2017, representing a decrease of 7%.

Adjusted property EBITDA⁽¹⁾ was US\$355.5 million for the second quarter of 2018, as compared to Adjusted property EBITDA of US\$329.5 million in the second quarter of 2017, representing an increase of 8%. The year-on-year improvement in Adjusted property EBITDA was mainly attributable to the higher contribution from City of Dreams Manila and Altira Macau.

Net income attributable to Melco Resorts & Entertainment Limited for the second quarter of 2018 was US\$57.3 million, or US\$0.12 per ADS, compared with US\$36.5 million, or US\$0.08 per ADS, in the second quarter of 2017. The net loss attributable to noncontrolling interests during the second quarters of 2018 and 2017 were US\$4.1 million and US\$8.0 million, respectively, which were related to Studio City and City of Dreams Manila.

Mr. Lawrence Ho, our Chairman and Chief Executive Officer, commented, “I am delighted to announce the recent successful opening of Morpheus, which we believe is the most luxurious integrated resort in the world. Named after the Greek god of dreams, this US\$1.1 billion iconic building is the latest addition to the Phase III development of City of Dreams, exemplifying Melco’s position as a pioneer and innovator in premium travel, leisure and entertainment.

“Morpheus is the world’s first ever free-form exoskeleton high-rise, designed by legendary architect – the late Dame Zaha Hadid. With a total of 772 guest rooms, suites and villas, a sky pool situated 130 meters above ground, the world’s most fashion-forward brands and retail options, an in-house Spa Butler concept, as well as VIP gaming and VIP villas on the top floors, Morpheus offers guests world-class experiences that exceed 5-star hotel standards.

“Morpheus offers best-of-the-best dining options including Alain Ducasse at Morpheus and Voyages by Alain Ducasse, the legendary French chef’s restaurant inspired by his travels. Taste buds will also be awakened by Yi, which offers regional Chinese cuisine served omakase-style, while the king of modern patisserie, Pierre Hermé, has created a sleek lounge serving the finest delicacies never seen before in Asia. Lastly, Morpheus also features a living gallery with original contemporary art by internationally renowned artists KAWS, Jean-Michel Othoniel and Thilo Heinzmann.

“The opening of Morpheus marks a new beginning for City of Dreams. Our premium portfolio now includes the sleek, modern Morpheus; the chic, classic Chinese Nüwa; and the upcoming hotel Libertine, the funky rebel, which starts development in the second half of 2019. They all offer guests premium and luxury experiences but each has its own distinctive style and design while maintaining the same focus on quality and attention to detail.

“At Studio City, we are embarking on a series of property upgrades to refine the entertainment offerings, which include an incredible new stunt show created with our new partner Stufish, a London-based world-renowned entertainment architect, Asia’s largest Virtual Reality zone and a fantastic new street of food and beverage.

“The Board has, after evaluating the Company’s current liquidity position and future expected capital needs, decided to increase the quarterly cash dividend by 7%.

“Lastly, Japan continues to be a core focus for us. We expect development of the next generation of integrated resorts to soon commence in this incredibly exciting, yet currently underpenetrated, tourism destination. With our focus on the Asian premium segment, high quality assets, dedication to world-class entertainment offerings, market-leading social safeguards and compliance culture, and our commitment to being an ideal partner to local governments and communities alike, we believe Melco is in a strong position to help Japan realize the vision for integrated resort development with a unique Japanese touch.”

Safe Harbor Statement

This press release contains forward-looking statements. These statements are made under the “safe harbor” provisions of the U.S. Private Securities Litigation Reform Act of 1995. Melco Resorts & Entertainment Limited (the “Company”) may also make written or oral forward-looking statements in its periodic reports to the U.S. Securities and Exchange Commission (the “SEC”), in its annual report to shareholders, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Statements that are not historical facts, including statements about the Company’s beliefs and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties, and a number of factors could cause actual results to differ materially from those contained in any forward-looking statement. These factors include, but are not limited to, (i) growth of the gaming market and visitations in Macau and the Philippines, (ii) capital and credit market volatility, (iii) local and global economic conditions, (iv) our anticipated growth strategies, (v) gaming authority and other governmental approvals and regulations, and (vi) our future business development, results of operations and financial condition. In some cases, forward-looking statements can be identified by words or phrases such as “may”, “will”, “expect”, “anticipate”, “target”, “aim”, “estimate”, “intend”, “plan”, “believe”, “potential”, “continue”, “is/are likely to” or other similar expressions. Further information regarding these and other risks, uncertainties or factors is included in the Company’s filings with the SEC. All information provided in this press release is as of the date of this press release, and the Company undertakes no duty to update such information, except as required under applicable law.

Non-GAAP Financial Measures

- (1) “Adjusted EBITDA” is earnings before interest, taxes, depreciation, amortization, pre-opening costs, development costs, property charges and other, share-based compensation, payments to the Philippine parties under the cooperative arrangement (the “Philippine Parties”), land rent to Belle Corporation and other non-operating income and expenses. “Adjusted property EBITDA” is earnings before interest, taxes, depreciation, amortization, pre-opening costs, development costs, property charges and other, share-based compensation, payments to the Philippine Parties, land rent to Belle Corporation, Corporate and Other expenses and other non-operating income and expenses. Adjusted EBITDA and adjusted property EBITDA are presented exclusively as supplemental disclosures because management believes they are widely used to measure the performance, and as a basis for valuation, of gaming companies. Management uses adjusted EBITDA and adjusted property EBITDA as measures of the operating performance of its segments and to compare the operating performance of its properties with those of its competitors. The Company also presents adjusted EBITDA and adjusted property EBITDA because they are used by some investors as ways to measure a company’s ability to incur and service debt, make capital expenditures, and meet working capital requirements. Gaming companies have historically reported adjusted EBITDA and adjusted property EBITDA as supplements to financial measures in accordance with U.S. GAAP. However, adjusted EBITDA and adjusted property EBITDA should not be considered as alternatives to operating income as indicators of the Company’s performance, as alternatives to cash flows from operating activities as measures of liquidity, or as alternatives to any other measure determined in accordance with U.S. GAAP. Unlike net income, adjusted EBITDA and adjusted property EBITDA do not include depreciation and amortization or interest expense and, therefore, do not reflect current or future capital expenditures or the cost of capital. The Company compensates for these limitations by using adjusted EBITDA and adjusted property EBITDA as only two of several comparative tools, together with U.S. GAAP measurements, to assist in the evaluation of operating performance.

Such U.S. GAAP measurements include operating income, net income, cash flows from operations and cash flow data. The Company has significant uses of cash flows, including capital expenditures, interest payments, debt principal repayments, taxes and other recurring and nonrecurring charges, which are not reflected in adjusted EBITDA or adjusted property EBITDA. Also, the Company’s calculation of adjusted EBITDA and adjusted property EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

Reconciliations of adjusted EBITDA and adjusted property EBITDA with the most comparable financial measures calculated and presented in accordance with U.S. GAAP are provided herein immediately following the financial statements included in this press release.

- (2) “Adjusted net income” is net income before pre-opening costs, development costs, property charges and other, loss on extinguishment of debt and costs associated with debt modification, net of noncontrolling interests and taxes calculated using specific tax treatments applicable to the adjustments based on their respective jurisdictions. Adjusted net income attributable to Melco Resorts & Entertainment Limited and adjusted net income attributable to Melco Resorts & Entertainment Limited per share (“EPS”) are presented as supplemental disclosures because management believes they are widely used to measure the performance, and as a basis for valuation, of gaming companies. These measures are used by management and/or evaluated by some investors, in addition to income and EPS computed in accordance with U.S. GAAP, as an additional basis for assessing period-to-period results of our business. Adjusted net income attributable to Melco Resorts & Entertainment Limited and adjusted net income attributable to Melco Resorts & Entertainment Limited per share may be different from the calculation methods used by other companies and, therefore, comparability may be limited. Reconciliations of adjusted net income attributable to Melco Resorts & Entertainment Limited with the most comparable financial measures calculated and presented in accordance with U.S. GAAP are provided herein immediately following the financial statements included in this press release.
